Subject: Road Safety Presentation

Good morning Leyland

I would like to take this opportunity to thank you immensely for your recent road safety presentation to our team of approximately 80 people.

The presentation was very informative and contained valuable material to assist our employees not only in their working day but also in their personal lives in relation to the use of a motor vehicle and road safety. Your delivery of the presentation provided very clear and up to date details on road rules together with excellent visual evidence of various road incidents. Your experience is invaluable and greatly assisted our employees particularly in areas such as defensive driving, fatigue management and remote area considerations.

Once again on behalf of the team, many thanks.

Grace Comino
